

PROGRAMME OF ACTIVITY

Connect Smart Week 2016 will take place from 10 – 14 October, with events and activities run by Connect Smart and Partners from across the business, community and government sectors.

The theme for 2016 is improving the cyber security awareness and capability of individuals in the workplace.

GROWING AWARENESS OF CYBER SECURITY

- A "jargon buster" glossary to help individuals with cyber security technology
- The *Game of Threats* challenge at Parliament to highlight the speed and complexity of an actual cyber breach
- Media and social media activity across the week driven by Connect Smart and Partners
- Connect Smart Partner support to customers and employees
- #ConnectSmartWeek

TOOLS TO STAY CYBER SECURE AT WORK

- An online quiz to test how cyber smart you are; go to <https://www.connectsmart.govt.nz>
- A series of short videos with cyber security tips from international experts
- A set of tip sheets on phishing, ransomware, running a successful cyber awareness campaign and how to stay safe in a connected world
- A poster for workplace notice boards
- An update to the Connect Smart for Business Questionnaire
- A range of infographics on cyber security topics including ransomware and phishing

IMPLEMENTING THE CYBER SECURITY STRATEGY

- A launch event at Parliament hosted by Hon Amy Adams, Minister for Communications
- A series of public-private workshops in Auckland, Wellington and Christchurch to review progress and consider next steps in implementing the Action Plan
- The small business roadshow hosted by Hon Craig Foss, Minister for Small Business

PUBLIC AND PRIVATE SECTOR PARTNER PARTICIPATION

- Duo, AWS and Xero education sessions in Auckland and Wellington
- KPMG New Zealand to release new cyber data
- Ministry of Business, Innovation & Employment cyber security sessions for staff
- High Tech Youth Network webinar and conversation supported by PwC
- A breakfast event for Wellington businesses and hosted by MinterEllisonRuddWatts
- Department of Internal Affairs cyber security exercise for staff
- A panel discussion hosted by the Canterbury Employers' Chamber of Commerce and supported by the Insurance Council of New Zealand
- A session on protecting your data and intellectual property hosted by Chartered Accountants and FireEye
- The *Game of Threats* challenge at Parliament to highlight the speed and complexity of an actual cyber breach
- Cyber security videos from the New Zealand Police available on Facebook
- More to come ...
